Crack Boulder Basketball Five Defeated by an Overwhelming Score. -Second Beats Granite.

Playing a brilliant game from start to finish, the Y. M. C. A. basketball team defeated the crack five from Boul-der, Colorado, Saturday afternoon in the gym by the overwhelming score of 50 to 14. The game was witnessed by one of the largest crowds of the season and friends of the association team were wild with joy when it became apparent that the visitors were destined to meet

The association five were in the game every second of the play, and while the yisitors put up a good article of basket-ball they were outclassed in every de-

ball they were outclassed in every department of the great indoor game by the local players.

The "Y" team was in perfect form. Probably the star of the game was Anderson at center. He was accurate and fast and made eight field goals. Capt. Metcalf also played a fine game. The work of the home team brought forth a demand from the basketball fans for a return game with the U. of U. and it is quite probable that another game will be arranged.

As a curtain raiser there was a game between the "Y" second team and the Granite high school five. The game was won by the association boys, 37 to 37. The line-up for both games was as follows:

LEHI TEAM HAS CLOSE CALL IN HEBER GAME

The match game at Heber City Saturday evening between the crack Lehi team and the Wasatch high school five, was close and exciting and Lehi had a close call, barely winning at the last minute by the close score of 18 to 17. Heber play-

STAGG SUGGESTS MORE OPEN GAME

Chicago, Jan. 2.—Coach Stagg of the University of Chicago, who returned to-day from the meting of the Intercollegiate Athletic association in New York, declared that football as played in American colleges is well on the way to thorough revision, but that the present game would be retained with changes and no other substituted.

"I feel just as strongly as ever," said Coach Stagg, "that the modern scientific game of football should not and will not be given up. I also feel that the salvation of the game will be in making it more open."

more open."
Stagg further asserted that any impression that the national experts favor a revision to Rugby or the adoption of association game is false.

## FEW COLLEGES TO ABOLISH FOOTBALL

New York, Jan. 3.—"Few, if any, of our American colleges are going to abolish football," is the statement of Prof. W. H. P. Faunce of Brown university. "But the game must be radically modified. The spirit of winning at any cost is too prevalent these days. It is evident in all phases of our life. I sincerely hope that the men interested in the future of the sport will keep this in mind. Personally, I like the game."

## OPTIMISTIC VIEW OF HORSE RACING

New York, Jan. 3.—An optimistic view of the racing situation is expressed in a statement from racing secretaries made public today.

"The coming season," according to the statement, "will be a profitable one to horsemen. Last year \$1.012.80 was hunded out to owners. For 1910, it is estimated that the sum will reac? \$1.435.000. There is to be a large increase in the number of racing days, and the Brighton Beach tracks will again enter the field and distribute about \$100,000.00."

#### HANDICAP ENTRIES CLOSE THIS EVENING

New York, Jan. 3.—Entries for several turf classics—the Suburban handicap, the Brooklyn handicap, the Brighton handi-cap and the 1912 Futurity close at mid-night tonight. Long lists for each of them are assured. Nearly all of the events show a substantial increase in value over last year.

## GOLF WAR IS INEVITABLE.

New York, Jan. 3 .- Referring to the pending trouble between the United States Golf association and the Western Golf association, an official of the na Golf association, an official of the na-tional body is quoted here as predicting that war is inevitable. He said in part: "I do not see how the Chicago men back of the Western Golf association movement can be met. I think they want to control the game and no compromise will avail. Perhaps it will seem best to let them have their way. After they get out their troubles will begin."

Caldwell, N. J., Jan. 3.—Caldwell's annual bob-sled carnival was held here last night. First honors in international races, went to Walter B. Varian of New York, who coasted over the half-mile course at a rate slightly better than a mile a minute.

The town fire department flooded the course, which is a long straight hill in the center of the village, early in the morning. It froze as smooth as glass before nightfall. Fifty sleds were entered for the races, each of them carrying a mechanician besides the driver. There was also a steeplechase race over a course with artificial hazards formed of tall snow hummocks. This was won by a Canadian expert.
